

I'm So Confident You Will Want My \$197 "Quick-Link" Marketing System, I'll Let You Sample it for Just \$14.95

It's Easier To Go F/T When You Are Earning \$200 Per Day and Creating a Few Downlines All at Once!

Learn To Sponsor More People in a Month Than Most Networkers Sponsor in a Year!

Paramus, N.J.—Earning real money with any work-at-home program is hard. Some would even say it's easier to teach a fish to ride a bicycle than it is to build a residual monthly check of \$5,000 or more. That's how it was for me. Hard. Plus, there's nothing worse than being in a program with other people making \$2,500 or more per week and its been months and you still haven't gotten one person to pay you \$500 to \$1,500 for your "2-Up" product.

Then it hit me right over my head.

ALMOST LIKE LIGHTENING!

But even in programs that promise \$500 to \$1,000 in your pocket per sale, it still takes a month of Sunday's just to break even. That, plus having to feed your sponsor a few sales BEFORE you even come close to getting your money back—good gravy. Can you say "Chinese water torture!"

I know *you know* what I mean. Not only that, but I used to feel like a Dweeb too. Only because it gets to you when no matter how hard you work or how smart you are, there you are. Standing there. Holding your hat and thinking like, "how long can I keep this up if I can't even make BACK the money I spent!"

Ouch! Okay, so anyway, once, I bought a batch of real-time leads and called a bunch of people who were either not home or who harpooned me with, "how'd you get my number!" Great. Now I found another way to lose money. Hold on though, here's the part my "Bride" will never let me live down....

BECAUSE I STOOPED SO LOW.....

I would even loiter around town waiting to "bump" into someone and offer them an "opportunity". I read that in a book. By some (yawn) MLM "Guru." But the the results were goose eggs. Double zeros. Not to mention how totally low class that made me feel. That's when I threw up my hands. I decided never to speak to a soul about my "short cut to meg-a-bucks" until they asked me first. But how? How would I pull this off? Hmm....

LIKE PIGS FEEDING AT A TROUGH

But things changed. I ended up with a humongous downline and I had more people than ever. So did my downline. It was like pigs feeding at a trough.

I OUT SMARTED THE LOOKY-LOOS!

Did my "system" work? I'd say. Picture a stampede! Wads of people. Over 8,314 actually. Like standing outside of a Wal-Mart at 7:55a.m. on their super sale days. How come? I suppose because I created a "system" that would bring me loads of eager Beavers with money in their hands.

How? It's easy. All I did was make it irresistible. Everyone has \$14.95. Plus the guarantee is kewl.

SORT... SELECT + SPEAK + SEARCH + SELL AND SPONSOR FOR YOU!

Okay, I'll explain. We've all seen auto-responders and Ebooks right? No biggy. But (and this is a big but) what I did was string a ton of tools together. Putting them together was what set this so far apart from the competition. Here's an example: *This ad* takes you to an 800 number which takes you to a website that then brings people to a live nightly conference call which then excites people enough to download my GENETIC CODE eBook. Admit it. That's a pretty darn big sales funnel. But it has to be. To get all of those \$197 orders.

HERE'S PRECISELY WHY IT WORKED

It "worked" (polite word for landslide) because—and get this part because this is critical too—it over indulged the prospect. There was no overt "pitch" because the machines were doing the selling. What happens is prospects end up selling themselves. **Like it was their idea.** To send you money I mean. You see, this "system" is based on the "show me, don't sell me" mentality and prospects eat it (love) up. They get reams of information. Now add to that a dorky little \$14.95 "prove it Joe or gimme my money back" and sakes alive. That's how you get lines of people to come back with their \$197 to buy the complete system. *From you.*

I Call This The Quick-Link System

I'll fess up. I was selfish. I got scared. Nothing worked. I was a regular MLM "nerd". I was. So I selfishly built the Quick Link. That way, I could earn daily cash flow and build a residual one, all at the same time.

This Part is Probably The Most Important

Here's the hidden variable that would go unnoticed if I didn't explain it to everyone and it's this. Instead of trying to convince absolute strangers to quit their deal and join mine, I went in the complete opposite direction. All I did was devise a cash flow system that everyone could use and make money with instead of trying to locate a small 1% to 3% to join my MLM.

Trust Me, I'm No Saint. Just Ask My Wife.

By creating a cash flow system that all 100% of the people could use, my obvious advantage was now my monopoly share because now you and me can earn money *from everyone*, not just a poultry few who you can get to flip into your opportunity. That was the smart part. Plus, even though the big \$197 program pays dealers \$100 per sale, it's easier to sell when everyone can test it for only a lousy little \$14.95.

Joe Schroeder Just One-Upped Himself

After you get my two CD program for fourteen ninety-five, you can decide to upgrade and to actually be a dealer of this program. That's \$197 and comes with my six (6) CD program. Dealers earn \$100 per course and buyers actually pay you, not me. This way, you can create your own leads and make daily cash flow all at the same time. But you have probably never heard of me. So test me. Try the system with zero risk. No one gets hurt at only fourteen clams plus this gets piles of people sending you cash orders because who doesn't have fourteen bucks? Especially if it's risk-free and people can keep everything, even if they ask for a refund. But they don't. Many people UPGRADE to "the whopper" for \$197. There you earn \$100 per sale but only if you yourself also own the \$197 package. You can start slow or go whole hog and order the \$197 Speed Enrollers course. Sweet!

HERE'S THE BOTTOM LINE

With my two CD program and Book you have to believe this is the greatest marketing course on Planet Earth or don't pay for it. Just send back the cover of the book TORN in half for a complete 100% no-questions refund. Thirty days. Try it for thirty days and change your life forever.

You can test-drive my system now and learn how to earn thousands of dollars per week using the system I have used to build sales organizations toppling 5,000 active distributors. Or, you can "save" your fifteen bucks and be no better off in thirty days. Me? I'll still be earning \$1,000+ daily. Everything is just fourteen ninety five. Not fifty nine or even twenty nine ninety nine. Nope. Just \$14.95. Tack on \$3 for shipping for a total of **\$17.95**. Plus everything is 100% money back guaranteed for 30 days. **To order right now** simply call the phone # above or mail your \$17.95 to Diane Hochman. Quick—one more thing. Look, in bleeding times like this, we've got to forego running with the average herd of networkers. Most are broke and what I'm about to unravel could keep you off of the slaughter house floor. Sure this takes some elbow grease. But it's simple. Bottom line? My system will make you money, blow your mind or my name it not...

Marketing Up: Merge Your List to a Connected Society of Repeat Buyers

- ** Any real system has to be predictable and it MUST thread your list into a position *to purchase repeatedly*.
- ** The system must patiently retail items *before* it upgrades your buyers into the residual subscription model.
- ** *Think*. It's easier to sponsor a known buyer who likes what you sell than to recruit a stranger out of nowhere.
- ** It takes the same energy to sell a \$20 item or a \$200 item. There is *more money faster* with bigger programs.
- ** If the system is not integrated to both ON line and OFF line sales, it's **not** a system. It's an illusion of one.

What We Actually Sell: In the end, you sell a duplicatable subscriber "auto-ship" system. Not products.

- ** We sell control. We offer Networkers more control than anyone has ever offered them before in Networking.
- ** The business you are in is the PEOPLE business. What you sell is a duplicatable business system.
- ** People who sell "MLM" traditionally are selling PRODUCTS and they historically fail.
- ** My Program QUICK-LINK NATION is the largest, biggest and most sophisticated system in the industry.

Here is a Paradigm Shift For You: Asset Building is Far Richer Than Trying to Build [just] a Downline.

MLM is a liability for most people because it COSTS them money to participate.

- ** When you become a TRUE direct marketing wiz, your goal is to turn **everything you touch** into an asset.
- ** We connect people to a retail sale, then to another one and you can earn over and over on the same buyers.
- ** Mis-marketing is thinking anything short of a system that can induce 10,000 subscribers to join under you.
- ** In contrast, the "Networker" doesn't have enough assets **bundled together** to make any serious income.
- ** What you sell, whatever you sell, is not your business. That's what you sell. The business model is bigger.

We Are Not a "Downline Club." *I created the largest affiliate platform in the industry.*

- ** I create "systems" that CREATE CASH flow and a system that creates leads all at the same time.
- ** Quick-Link gives you MORE marketing POWER and CONTROL than any other program on earth.
- ** If your affiliate programs doesn't let you CONTROL the list AND the revenue **you must be stuck** back in 2005.

At a Glance:

The Quick-Link System

Mis-Marketing is using an affiliate site that isn't attached to your own auto-responder.

No one else offers this because they are trying to capture your leads and build a list through you.

Mis-Marketing is retailing an affiliate product and allowing the site owner to collect the funds.

With Quick Link, you control the list and the money. This creates instant cash flow. Why wait to be paid?

Mis-Marketing is selling something that doesn't have a "back-end" second sale built into it.

Without the continuity of \$14.95 then \$197 and then \$497 you have to start all over with new people.

Mis-Marketing is opening your mouth. If you do, you can only speak to a few people per day.

If you are not funneling 100's of people into your sales process daily, imagine if you could!

Mis-Marketing is spending money promoting something that can NOT bring back a \$100 sale.

Pay yourself today so you can be here next year. Amateurs sell \$20 and \$40 programs. Pro's don't.

Mis-Marketing is trying to sell \$500 and \$1000 programs without a little \$10 and \$15 trial offer.

Have you ever waited months and months to sell one \$500 or \$1,500 program? Ooops. That must be hard!

Mis-Marketing is ignoring the 95% who reject your main program and NOT earning off them.

Now with this system you can earn money from your prospects even if they reject your primary program.

Mis-Marketing is trying to earn residual income without leading with a retail cash flow item.

It's easier to sponsor 3-5-8 NEW people per month into your program if you have 15-25 retail customers!

If Daniel Webster Was Alive Today He'd Be Rendered Speechless.....Especially if The Old Goat Knew I was Going To Leak All of This for Only a Lousy \$14.95!

There isn't a dictionary on earth—or Marketing Course—that will show you the precise sequential 1-2-3 steps to earning windfall profits in DIRECT RESPONSE marketing as bountiful or with such precision as what you are about to receive. Now if you are thinking I am some sort of loose cannon or even some "Good Samaritan," not hardly. You have to understand that by allowing other people to use my system I get to earn the kind of money I only used to dream about.

The fact is, I have figured out, to the penny actually, how I can rip into the gravy and earn \$1,000's a DAY by showing you how to make wads of cash flow. Because don't forget, while I may be losing money on the front-end, when people order the \$14.95 Chaos to Cash—you and me will pile it on large when better than 32% of those little darlings *UPGRADE* and order my \$197 *Speed Enrollers (8) CD* program. Can you say Mercedes Benz #2?

No One In Our Industry Knows One-Fifth of What I am About To Lace into Your Brain. Furthermore, My System, as You Will Uncover, is Virtually a Steal Trap and Prospects ***Will Surrender To You*** Just As You Are About To Now

I make this vow under oath: You can keep spending \$25 to \$100 for every "I was so poor and now I am rich" sales letter and affiliate site until the cows come home. Lord knows you have fallen for those Joe Schroeder wannabees before. Or—you can trust me with your lousy little \$14.95 and my course will not only be the *last one you ever need* and become the NEW standard, but will make *all others obsolete*.

After You See What a "Joe Schroeder System" is, Everything Else in Contrast Will Make You Wince!

(2) CD Audio Set + Book + 100+ Pg. Ebook + Live Coaching = Just \$14.95

If you don't feel guilty for only paying a lousy little \$14.95 for what I will home deliver to your house and let you peel through and ingest into your business, you simply do not have a heart beat. I predict you will send me a "THANK YOU" card with a \$500 bill inside and write, "I owe you my business!"

A Total Blitzkrieg of Precise 1-2-3 Marketing Cookie Cutter Wisdom

Written so effortlessly that any 12 year old with a "C" average could understand and use within 10 Minutes of opening "The Secret Scrolls" of Chaos to Cash

You will learn the #1 **SECRET** behind all money making offers and the GENETIC CODE which makes people unconsciously submit to offers, any offers, that are woven tightly with what I call the "pecking code."

Schr-oeder-ized (shrow-der) Adj. —[Short for Quick Link System] **1.** A Protégé who learned from the creator of funded proposal. **1b.** Stinking rich F/T Networker. **2.** Student of organizational architecture **3.** Candidate for dominion. **4.** Propensity for wealth. **5.** Hercules recruiter. **6.** Someone wealthy using the Quick Link system.

I GUARANTEE you will never tire of opening your e-mail and seeing money in your Pay-Pal account. That's because with my system people serenade you with cold hard cash. Ripples and mountains of moohlah. Naturally and alas, without use of my Genius ad copy and bevy—think war-chest—of post-cards, website, etc—this can't happen. But as my new Amigo of Good Fortune what's mine is yours. It's beauty and the list. Joe Schroeder

Learn the historical **MYTH** about how "back-ends" are the ultimate cheery-on-top by way of direct response riches. Well that's absolute B_ _ _ S&*%! I will teach you the actual **MARKETING Physics** behind how guys like me earn \$50,000 to \$250,000 PER month. Hands down easy and naked to the eyes of the inexperienced. But hark not. Now you are in my boot-camp and you will be coddled, nurtured and birthed into the **ART** of direct response MLM and how to twist-lists and how to use the Quick-Link system to gather a war-field of surrendering prospects. It's called "it's only 10:20 a.m. and I have already cleared \$500 into my internet Pay-Pal account!"

This is Only Scratching The Surface of What I Will Drill Into Your Big Beautiful Brain

I will **PROVE TO YOU**, with the entire industry spying over our shoulders, how without what I call the "primal narrative" no organization on earth can survive and how big brands such as Star-Bucks, Oprah Winfrey, Apple Computer and Krispy Kreme Donuts and—surprise!—me of course, has used this branding nuance to literally glue zealots and over anxious fans to them. I didn't get on the covers of (5) MLM magazines because of my semi-handsome good looks, nor did my two (2) Million dollar downlines develop by accident. After I sink the *hidden psychology* of the **PRIMAL Narrative** into your marketing Genius you will own "the source code" of all natural Millionaires who use this "impulse" motivator in whatever they sell or market. You will be totally dumb-struck.

Here's How To Flip Those Bone-Head List-Brokers Over On Their A\$&!

Who do you think is a principle in the biggest lead company in our industry? That's right. His initials are "JS" and that company is run by, that's right, *my downline*. Everyday our ad copy brings in thousands of piping hot MLM leads. Would you expect anything less of me? Tell my partner Glenn Manger (1-973-423-5021) that you are a friend of mine for a 10% discount. But that's not the big deal. (go spend lots of money @ Bigactionmedia.net)

The **BIG** deal is that I will teach you how to create leads *just as we do* and better than that, I'll teach you how to **TURN** the **TABLES** on list brokers and why 99.9% of all Networkers are getting hosed every time they call and order leads from a stranger. And it ain't pretty either. But who cares! As long as I set the record straight here I will forever sleep like a baby.

Here is How You Get Paid

- 1) People see this ad copy.
- 2) Your name, phone and Pay-pal is listed.
- 3) People order my courses through you.
- 4) They pay you.
- 5) The buyer faxes page # 5 to us.
- 6) But they pay you for my courses **FIRST**.
- 7) You then send me my cut. It's seamless.

And The Fox Said To All of The Little Darling Lambs, "Come to Daddy You Little Affiliate Morons....Let Me Shear You, Steal Your Traffic & Get Rich in The Process!"

"If you can't control the sales revenue *and the site opt-ins* you are getting hosed and don't even know it."

Joe Schroeder, MLM Recluse and Affiliate Master-Mind

All I did was copy the FORMULA of marketing icons Tony Robbins and Don LePre. What they did and how they become filthy stinking RICH is obvious to the trained eye. No wonder I was able to move out of my little townhouse and into a 4,342 Sq. foot estate in the rich section

Step 1: Make an irresistible offer and make the entry price so low that thousands of people raise their hands and say, "take my money." Ours is only \$14.95.

Step 2: Get 10,000+ people to take your dare and to order your "front-end" direct response product for under \$20 bucks.

Step 3: AFTER they climb into your system for under \$20 bucks, show them a SECOND product for \$100 to \$200. That's called the "back-end."

Step 4: Now close your eyes and watch them come BACK and spend \$200.

In marketing that's called **CONTINUITY**. That's where after you advertise and sell your low cost "front-end" products, the product itself SELLS the buyer the back-end products that are \$200 & \$500. It's **free money** because the first product sells the 2nd one!

On Television, you never saw **Tony Robbins** advertise his back-end \$700 seminars. You saw his front-end CD set. That's how he sold his \$700 package. By **FIRST** selling his low cost front-end.

The "Money Secret" of the people who run the world are three fold: (1) Bigger is better and (2) grab as much of any *market share* as you can (quick, think of Microsoft or McDonalds) and (3) sounds like this, "me first!"

You've been fooled by family rituals, social convention and lost a ton of money because you laid down. Right or right? Society is brimming with followers, *NOT leaders*. Only 3% of us decided to vote on the side of prosperity and the other 97% work under us. Nature blesses the STRONG and the Hunters will always prevail. Period.

Hail to the chief and whoever says Joe Schroeder is full of himself is certainly right on the money.

My own. As it should be. Always.

WAKE-UP BUCKWHEAT! Cassius Clay didn't become Muhammad Ali by playing shy and America would fold if it wasn't for people with the guts to *stand above* those without any.

No one remembers "second place" and the last time I checked, every American PRESIDENT since Lincoln never had a problem with saying, "I am THE BEST." Anyone who harbors discontent with people who ASK FOR MONEY must secretly be poor *and* disrespect every American future President who while running for office cried, "send me money!" Look, YOU are all you got. UNTIL you can tell everyone how grand you are, everyone will undervalue you and that's a shame. I decided to make MYSELF my own best friend and like Oprah and the Presidents, I sell myself. You can too. Decide now to get paid. Decide now to OWN your system through our program. Decide now to go for \$10,000 in the next 30 days. Why not! Why not!—and it's TIME to BRAND yourself. Not the company!

My Final Thoughts Until I Meet You on Our Leadership Calls

This is about us and how there is far greater security, for all of us, if we join together instead of independently scattering under the umbrella of "digital" downlines that perpetuate false hope, destruction through ZERO support and who promote antiquated little pretend systems that if you noticed, weren't systems at all; but rather just an excuse to trick people out of their money. Again.

Through 2001 and 2004 it was about, "pick your favorite straight-line automated bizz-opp."

In the **NEW ECONOMY** of better networking, there is an uprising and a refreshed demand—and search—for true *authenticity*. The now seasoned Networkers, who were burned and taken advantage of before, are now lining up, by the Millions, in their hunt for their *final stamp of expression*. Therefore, pick your message well Soldier. The up and comers and the new future Millionaires are now watching YOU and watching us all. So pick the message that you promote well.

Make sure that what you promote to strangers is safe, authentic and most of all, true. Because your future and long term networking interests demands that you do. I salute you and I salute your own personal Network.

Strength and Honor, **Joe**
